Describe the educational and informational objective of the program and how it meets the definition of Core Programming			
Noonbory and the Super Seven follows the adventures of a team of animated characters, who represent dynamic forms of the five senses, and their leader Noonbory, who engages them all to work together as a team. On an episode by episode basis, the borys highlight instances in which assistance, cooperation and leadership result in success, while a group of mischief makers, called Gurys, demonstrate how taking greedy, selfish and deceptive actions leads to problems. Major educational objectives of the program include: encouraging viewers to develop positive personal qualities and pro-social behaviors including helpfulness, kindness, generosity, initiative,			

compassion and leadership; teaching viewers to critically assess and value their own capabilities and skills; and aiding viewers to accept and appreciate the competencies and differences in others. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming			
<p>Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewers' problem solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming			
<p>Each episode of the show features a real child, who writes for help or advice with a problem to the Doodles, three animated young members of a band. The child then enters the animated world of the Doodlenet, and sets out on an adventure with the band to find a resolution to the problem, with important life lessons imparted in the process. Each episode reinforces the lesson through a musical interlude that encapsulates the educational message. Specific educational objectives of the program include encouraging viewers to develop positive personal qualities such as honesty and initiative, and providing viewers with a basic understanding and appreciation of music. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming			
<p>In this series, Strawberry Shortcake, a curious, self-confident leader, narrates stories of her and her friends' adventures in the richly-imagined world of Strawberry Land. Using her many positive qualities,</p>			

Strawberry helps her friends, who share her values but not necessarily her ability to take a broader view, to see beyond their own self-interest. The themes of the stories are designed to have particular relevance for young viewers, focusing on such issues as friendship, fear, self-confidence, sportsmanship, trust and shyness. The pro-social messages flow naturally from the narrative, as the characters experience concrete (positive and negative) consequences of their actions. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming			
<p>The animated series, "Sabrina," involves the adventures of a modern, early adolescent girl who is part human and part witch. Sabrina has magical powers that must be kept a secret and also under control. While Sabrina is not your typical girl, the familial, social, peer-group, and school-related issues she experiences all serve as educational and instructional life-lessons for viewers, as they reflect many of the same learning experiences and teenage challenges faced by children today. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.</p>
